

# FRIENDS of M.V.FREEDOM

CORONA VIRUS – COVID 19

## CANCELLATION OF ALL BOOKINGS UNTIL FURTHER NOTICE

It is with great regret and some sadness, that the Friends of M.V.Freedom have to announce the cancellation of all scheduled sea trips on M.V. Freedom until further notice.

After the Prime Minister's announcements yesterday regarding self isolation and the protection of elderly and vulnerable persons, the Charity is left with no choice but to place the health and safety of our volunteers, families, friends, supporters and especially our very important boat passengers before all other considerations.

In preparation for the eventual arrival of our new boat, we shall need to continue our fundraising activities in so far as Government guidelines or restrictions will allow. We very much hope that wherever possible our many supporters will continue to help us as they have so generously in the past, as we are still saving to equip the new boat to a high standard for the benefit of our future passengers.

In the mean time the Friends of M.V.Freedom wish you all good fortune in your attempts to avoid the virus and we look forward to seeing all our passengers again as soon as the situation improves.

Dirk Aldous
